1. Qualitative Information on Consolidated Financial Results for the Quarter Ended June 30, 2021 (1) Explanation about Business Results

During the three months ended June 30, 2021, Japanese economy continued to experience severe situation due to a resurgence of COVID-19 although it showed some signs of recovery. The third state of emergency issued to Tokyo and Kansai areas in late April 2021, which was later expanded to other areas and extended, was lifted in late June in nine prefectures excluding Okinawa, but personal consumption remained weak during such period mainly in the service industries including travel and restaurants.

Vaccinations at some companies and universities started in late June in addition to those by the national and local governments, raising hopes that it would stop the spread of infections. However, the infections continued to spread, resulting in the fourth state of emergency issued in early July to Tokyo where the number of new cases surged, and the situation remains uncertain.

In the aviation industry, both international and domestic flights continued to be reduced or suspended, and passenger demand remained low throughout the period even during the Golden Week holidays although it recovered from a year earlier. While vaccination is expected to progress going forward, people are likely to be asked to refrain from traveling or returning home mainly in areas under the state of emergency or quasi-state of emergency during the Tokyo 2020 Olympic and Paralympic Games as well as summer vacation season, which will reduce the chance of rapid recovery in passenger demand, forcing airline companies and aviation-related companies to face tough business conditions for a while.

Under such economic conditions, the Group (the Company and its consolidated subsidiaries) recorded net sales of ¥5,792 million (down 2.3% from the same period of the previous fiscal year) as the estimated debt forgiveness of rent receivables from airline companies in support of those facing financial difficulties due to the prolonged COVID-19 pandemic was deducted from net sales, despite the operation of new facilities completed in the fiscal year ended March 31, 2021. Operating income was ¥1,048 million (down 11.5%), ordinary income was ¥1,014 million (down 14.1%), and profit attributable to owners of parent was ¥641 million (down 9.2%). (For the fiscal year ended March 31, 2021, debt forgiveness of rent receivables was recorded as extraordinary loss in the six months ended September 30, 2020. If loss attributable to the three months ended June 30, 2020 had been deducted from net sales in the same manner as this year, net sales and profit attributable to owners of parent for the three months ended June 30, 2020 would have been ¥5,566 million and ¥451 million, respectively.)

Performance by business segment is as follows:

(i) Real Estate Business

Real Estate Business recorded net sales of $\frac{1.3\%}{1.0}$ from the same period of the previous fiscal year) as debt forgiveness of rent receivables to support airline companies was deducted from net sales, despite the operation of a dormitory for international students completed in March 2021. Operating income was $\frac{1}{869}$ million (down 4.2%).

(ii) Area Heating & Cooling Business

Area Heating & Cooling Business operated by our consolidated subsidiary Tokyo Airport Heating & Cooling Co., Ltd. recorded net sales of ± 656 million (down 13.2% from the same period of the previous fiscal year) as debt forgiveness of heat charge receivables to support airline companies was deducted from net sales while sales results remained almost unchanged. Operating income was ± 188 million (down 41.9%).

(iii) Water Supply & Drainage Service and Other Business

Water Supply & Drainage Service and Other Business recorded net sales of ¥461 million (up 5.3% from the same period of the previous fiscal year) as water supply and drainage usage showed some recovery compared to a year earlier when the number of airport users dropped sharply due to the spread of COVID-19, and recorded an operating loss of ¥9 million (operating loss of ¥46 million in the same period of the previous fiscal year).

(2) Qualitative Information on Consolidated Financial Position

(Assets)

Total assets as of June 30, 2021 amounted to ¥103,600 million, an increase by ¥3,170 million compared to March 31, 2021, mainly due to recording of prepaid expenses for annual usage fee of national property.

(Liabilities)

Liabilities as of June 30, 2021 amounted to ¥48,174million, an increase by ¥2,710 million from March 31, 2021, mainly due to recording of accrued expenses for annual usage fee of national property.

(Net assets)

Net assets as of June 30, 2021 increased by ¥460 million compared to March 31, 2021 to ¥55,425 million mainly due to an increase in retained earnings.

As a result, equity ratio as of June 30, 2021 decreased by 1.2 points to 50.9% compared to March 31, 2020.

(3) Qualitative Information on Consolidated Earnings Forecast

There is no change in the Consolidated Earnings Forecast for the Year Ending March 31, 2022 which was announced in the Financial Results for the Year Ended March 31, 2021 [J-GAAP] (Consolidated) dated May 15, 2021.

(3) Notes on Quarterly Consolidated Financial Statements

(Notes on Premise of Going Concern) Not applicable.

(Notes on Significant Changes in Shareholders' Equity) Not applicable.

(Changes in Accounting Policies)

(Application of the accounting standard for revenue recognition)

On April 1, 2021, the Company applied the "Accounting Standard for Revenue Recognition" (ASBJ Statement No.29, March 31, 2020, "Accounting Standard for Revenue Recognition"), etc., and recognizes revenue at an amount that it expects to receive in exchange for the promised goods or services when the control of the goods or services is transferred to a customer. The variable portion of the promised consideration is deducted from net sales.

However, the Company applied the method stipulated by Paragraph 86 of the Accounting Standard for Revenue Recognition and did not retrospectively apply the new accounting policy to contracts for which almost all revenue were recognized prior to April 1, 2021 according to the previous treatment.

As a result, net sales, operating income, ordinary income, and income before income taxes for the three months ended June 30, 2021 decreased by ¥108,816 thousand, respectively.

Also, pursuant to the transitional treatment stipulated by Paragraph 28-15 of the "Accounting Standard for Quarterly Financial Reporting" (ASBJ Statement No. 12, March 31, 2020), the Company did not disclose information on the breakdown of revenue from contracts with customers for the three months ended June 30, 2020.

(Application of the accounting standard for fair value measurement)

On April 1, 2021, the Company applied the "Accounting Standard for Fair Value Measurement" (ASBJ Statement No.30, July 4, 2019, "Accounting Standard for Fair Value Measurement"), etc., and the new accounting policies stipulated in the Accounting Standard for Fair Value Measurement, etc. are applied prospectively pursuant to the transitional treatment stipulated by Paragraph 19 of the Accounting Standard for Fair Value Measurements" (ASBJ Statement and Paragraph 44-2 of the "Accounting Standard for Financial Instruments" (ASBJ Statement No. 10, July 4, 2019). The application has no impact on the quarterly consolidated financial statements.

(Application of Specific Accounting Treatments in Preparing the Quarterly Consolidated Financial Statements)

Tax expenses are calculated as income before income taxes for the period multiplied by the estimated effective tax rate. The effective tax rate is reasonably estimated taking into consideration deferred tax accounting as the rate applicable to income before income taxes for the consolidated fiscal year including the period ended June 30, 2021.

(Additional information)

(Impacts of COVID-19 on the accounting estimates)

During the three months ended June 30, 2021, there was no material change in the impact of COVID-19 on the accounting estimates described in the Annual Securities Report for the year ended March 31, 2021.
